

## Oral/Solid Infusion Prior Authorization Form

**FAX completed form to: WellCare Pharmacy at 1 (877) 277-6892**

Instructions: This form is used by participating physicians and providers to obtain coverage for a drug for which there is medical criteria protocol established by the Pharmacy & Therapeutic Committee at WellCare Health Plans.

The Following Review Criteria Are Used In Reviewing Prior Authorizations And Overrides:

- Other therapeutically equivalent medications are contraindicated in the patient.
- Patient has failed an appropriate trial of suggested related agents.
- Choices available are not suited for the present patient care and the drug selected is required for patient safety.
- An alternative choice may provoke an underlying medical condition, which would be detrimental to patient care.
