

Prior Authorization Request Form- Ohio

Instructions: This form is used to determine coverage for prior authorizations, non-formulary medications (see formulary listings at www.wellcare.com), and medications with utilization management rules. WellCare will evaluate the request based on medical criteria, FDA guidelines and protocols developed by the WellCare Pharmacy & Therapeutics Committee.

Who is making this request? Physician Member Pharmacy

The following review criteria are used in reviewing drug evaluations and requests for overrides:

- Patient has tried and failed an appropriate trial of generic or preferred medications.
- Other therapeutically equivalent medications are contraindicated in the patient.
- Choices available are not suited for the present patients care and the medication requested is required for patient safety.
- An alternative choice may provoke an underlying medical condition, which would be detrimental to the care of the patient.

Complete each section legibly and completely (include any additional necessary medical records)
